## 1.0 Executive Summary

This document serves as the City of College Station's PY 2013 (FY 2014) Annual Action Plan for the Community Development Block Grant (CDBG) and HOME Investment Partnership (HOME) Programs. In accordance with 24 CFR Part 91.220 of Title I of the Housing and Community Development Act of 1974, as amended, the City is required to submit a One-Year Action Plan to the U.S. Department of Housing and Urban Development (HUD). The Plan outlines the specific projects and services that will be funded during PY 2013 to address College Station's strategies as stated in the City's 2010 - 2014 Consolidated Plan. Based on the needs analysis of the City of College Station and as required by the U.S. Dept. of HUD, the following goals are identified and addressed in the PY 2013 Annual Action Plan:

### Housing Goals:

- Ensure adequate affordable rental housing opportunities for low- and moderate-income individuals and families. (Objective: Decent Housing/Outcome: Affordability)
- Ensure adequate housing assistance for lower income homeowners. (Objective: Decent Housing/Outcome: Affordability)
- Retain and expand affordable housing opportunities for low- and moderate-income homebuyers. (Objective: Decent Housing/Outcome: Availability)

### Homeless/Continuum of Goal:

- Address the needs of homeless persons to make the transition to permanent housing and independent living and help families avoid becoming homeless. (Objective: Decent Housing/Outcome: Affordability)
- Ensure adequate affordable housing opportunities and supportive services for the lower income special needs populations. (Objective: Decent Housing/Outcome: Affordability)

### Non-Housing Goals:

- Encourage and support the delivery of health and human services to assist individuals in reaching their fullest potential. (Objective: Suitable Living Environment/Outcome: Availability)
- Provide a safe, secure, and healthy environment for families and individuals. (Objective: Suitable Living Environment/Outcome: Availability)
- Develop a strong and diverse economic environment to break the cycle of poverty. (Objective: Suitable Living Environment/Outcome: Availability)

### 1.1 Funding Summary

The City of College Station is an entitlement city for the Community Development Block Grant Program (CDBG) and a participating jurisdiction for the HOME Investment Partnership (HOME) Program. SF-424 applications for CDBG and HOME are available in Appendix A. The table below shows the federal funding available from the U.S. Department of HUD for the 2013 program year. Other federal funding such as Section 8 funds and Low-Income Tax Credits are not available to the jurisdiction during the program year. The table below also indicates the amount of CDBG and HOME funds that will benefit low- and moderate-income persons.

Figure 1. Funding Summary for 2013 Program Year			
U.S. Department of Housing and Urban Development	CDBG	HOME	Total
Entitlement Grant	\$1,028,957	\$379,327	\$1,408,284
Reprogrammed Prior Years' Funds	\$1,374,393	\$1,283,203	\$2,657,596
Estimated Program Income/Recaptured Funds		\$29,764	\$29,764
<b>Total Funding Sources from HUD</b>	<b>\$2,403,350</b>	<b>\$1,692,294</b>	<b>\$4,095,644</b>
Benefit to Low- and Moderate-Income Persons	\$2,403,350	\$1,692,294	\$4,095,644

The City of College Station and subrecipients also will receive many other federal, state, county, local, and private funds during the 2013-2014 program year to address priority needs and specific objectives. It is estimated that the City's grant funds will leverage at least \$5.7 million in other resources, including Housing Tax Credits, other federal funding, State funding, County funding, and private resources. A list of resources available to be leveraged by funding from the City of College Station can be found on the next page.

## 1.2 Local Match

The HOME program does not currently require a local match for the City of College Station.

## 1.3 Citizen Participation

To ensure citizen participation in the PY 2013 Annual Action Plan process, the City followed its Citizen Participation Plan regarding notice, publications, and public input procedures for Consolidated and Action Plan activities. As advertised in the local newspaper on February 18, 2013, a public hearing was held on March 5, 2013, to solicit citizen input regarding the needs and priorities of the City and how citizens feel that the PY 2013 funds should be allocated. The hearing was held in a low and moderate-income neighborhood community center.

In addition to the comments received at the hearing, staff also collected feedback through a questionnaire released to the local social service providers as well as to the general public regarding the use of CDBG and HOME funds. Social service providers strongly supported funding social services and housing programs, including housing development, down payment assistance, rehabilitation assistance, and tenant based rental assistance. The public encouraged funds to be directed toward code enforcement activities, park development, and infrastructure improvements. As a result of this widespread response, staff have proposed a variety of projects to meet the desires of the community.

The Joint Relief Funding Review Committee (JRFRC) held 7 public meetings during April and May to review applications from local non-profit agencies for CDBG Public Service funds. Note that the Cities of Bryan and College Station allocate Public Service funds through a joint process as previously approved by HUD.

A public notice was placed in the local newspaper on June 24, 2013. The notice summarized the proposed projects and budget; identified the 30-day public comment period from July 1, 2013, to July 31, 2013; announced the public hearing on July 9, 2013, and planned City Council consideration on July 11, 2013, and August 8, 2013; and stated locations where the public could view and/or obtain a draft copy of the proposed plan. These locations were the City's Planning & Development Services Department, Community Development Unit office, City Secretary's Office, Public Library, and at the Lincoln Center, which is located in a primarily low-income area. In addition, information on viewing an electronic copy was included on the City's informational television channel, on the City's website, and sent to local agencies.

The public hearing held on July 9, 2013 reviewed the goals, objectives and strategies stated in the Consolidated Plan, the proposed projects and allocations that are to be carried out in FY 2014, and Fair Housing information. Those attending the public hearing were given the opportunity to provide comments regarding the Plan. Public comments received at the two Public Hearings and during the public comment period supported the City's continued 15% CDBG allocation to Public Service Agencies as well as maintained the importance of the strategic planning goals.

All comments and suggestions received were considered in drafting the Plan. The Plan incorporates public comment by funding activities and projects identified by the public as important or necessary (see U.S. Dept. of HUD CPD Consolidated Plan Listing of Projects). Specific projects recommended by consensus that require lengthy planning and/or design periods are referred to the appropriate departments for inclusion in their planning calendars for future action using either local or federal funding sources.

The comments of proposed activities as received at the public hearings and during the 30-day comment period are indicated in Appendix E.

#### 1.4 Evaluation of Past Performance

For the most recently completed reporting period FY 2012 (PY 2011), the following accomplishments are noted (as published in a letter from the Houston field office of HUD):

##### Primary Program Benefit

In PY 2011, the City received a Community Development Block Grant (CDBG) in the amount of \$1,029,323 and \$631,763 in HOME Investment Partnerships Act (HOME) funds for a total of \$1,661,086 for community development projects primarily benefitting low-to-moderate income College Station citizens.

The City utilized 100 percent of the grant to benefit low-to-moderate income residents in the City of College Station. Therefore, the City exceeds the 70 percent minimum by 30 percent. This requirement is found at 24 CFR 570.200 (a)(3).

##### Timeliness:

HUD's CDBG timeliness standard at 24 CFR 570.902 (a)(1)(i) states that 60 days before the end of the program year, a grantee must not have more than 1.5 program years of grant funds in its line of credit. When the timeliness was conducted on August 1, 2012, the City's timeliness ratio was 1.5 times its annual grant and consequently, in compliance with HUD's CDBG timeliness standard.

##### Planning and Administration and Public Service Caps:

The amount of CDBG funds expended on planning and administration in PY 2011 was 17.04 percent which does not exceed the cap of 20 percent. Therefore, the City is in compliance for this regulation outlined at 24 CFR 570.200(g).

##### Public Services:

Public service regulations are outlined at 24 CFR 570.201(e)(1). The City fell within the public service cap since the funds expended was 14.97 percent. CDBG funds were awarded to seven public service agencies which addressed an array of community needs. However, most of the agencies fell short at expending 100% of their award with the exception of Lincoln Center and College Station Independent School District as indicated:

IDIS Project	Agency	
#511	Voices for Children	71% *
#512	Lincoln Center	100%
#514	Twin City Mission	72% *
#515	Brazos Valley Rehabilitation Center	83% *
#516	Mental Health Mental Retardation of Brazos Valley	74% *
#517	Unity Partners	85% *
#513	College Station Independent School District	100%

\*Balance remaining was indicated as an unencumbered expense and was expended in PY 2012

The city had open CDBG activities in IDIS that were identified by HUD's Office of Inspector General during a 2011 audit which required follow-up action:

IDIS Activity #247 – Optional Relocation Program: The City mandated the house ineligible for rehabilitation and was canceled with draws due to the grand funds utilized were originally from PYs 2000 and 2001.

Current Status: The repayment of funds was made to the U. S. Treasury.

IDIS Activity #408 – Acquisition/New Construction: CDBG funds were used for acquisition and demolition of a structure. HOME funds were used for the construction for a new, affordable single-family home. Construction was completed in April 2010.

Current Status: The home was sold an income-eligible client in February 2013. This project is now listed as complete in IDIS.

**CDBG On-Site Monitoring:** The City received on-site monitoring July 16 – 18, 2012. There were one finding and two concerns as a result of the review. Finding #M12001 occurred because ten of the files reviewed from Big Brothers Big Sisters of Brazos Valley did not contain adequate documentation to verify that the clients were low-and-moderate income and therefore, eligible under the National Objective of Low to Moderate Limited Clientele. Subsequently, the City provided eligibility documentation for five clients, but failed to substantiate the additional five for compliance. Therefore, the City repaid the funds for HUD from the ineligible clients in the amount of \$279.05. The City must ensure that sub recipients are properly classifying income when necessary to ensure client eligibility in the CDBG program.

**Continuum of Care (CoC) – Homeless:**

The City of College Station is part of the Brazos Valley Coalition for the Homeless CoC's jurisdiction. Homeless needs were addressed through the Twin City Mission's services such as case management and emergency shelter. Twin City Mission assisted 550 residents in PY 2011.

**HOME Program:**

College Station had unexpended funds from PY 2004 with an expenditure deadline of September 30, 2011 in accordance with HOME FACTS – Vol. 2, No. 2 (dated February, 2009). The City's balance to be expended was \$632.31. The City was successful at expending these funds before the deadline. In an effort to assist PJs in identifying FY 2004 and older grant balances, the Office of Affordable Housing Programs will post a report periodically identifying each PJ that has a grant balance for FY 2004 and earlier. This report is an MS Excel spreadsheet, which is broken up by state. PJs can use this report to identify FY 2004 and older grant balances. The report can be found at: [http://www.hud.gov/offices/cpd/affordablehousing/reports/expiring\\_funds.cfm](http://www.hud.gov/offices/cpd/affordablehousing/reports/expiring_funds.cfm)

The HOME program Snapshot Worksheet-Red Flag Indicators Report reflected that College Station ranked 21 of 38 participating jurisdictions (PJs) in the state. The report also indicated challenges encountered by a College Station Community Housing Development Organization (CHDO). There was a red flag with regard to the percentage of completed CHDO disbursement to all CHDO reservations, 67.88 percent threshold with 64.85 percent by the PJ. In the allocation years not disbursed category, the threshold was >3,03 and the PJ scored 4.1. The PJ should implement strategies to address these deficiencies which may include

providing ongoing technical assistance/training to the underperforming CHDO(s), decreasing the amount of the award, or reallocating funds to a CHDO with higher capacity.

The EMBRACE Brazos Valley CHDO experienced major issues during the PY 2011. The PJ communicated with HUD about the misappropriation of HOME CHDO funds. The PJ acted swiftly and ensured that the CHDO develop a plan of action to repay the loan to the bank with non-federal resources. EMBRACE submitted a plan as requested and the City will ensure all funds are repaid in accordance with the agreement. The PJ also suspended their contract until it is resolved. The PJ does not intend to provide funding to the EMBRACE CHDO in the future. The PJ will keep HUD informed as to the resolution of this issue.

**Community Development Block Grant – Recovery (CDBG-R):**

In PY 2009, the City was awarded \$299,821 in CDBG-R funds through the American Recover and Reinvestment Act of 2009. The City initially proposed a mixed-use development project which did not come to fruition. The City made a substantial amendment due to a change in policy from City leadership. The most recent PR 87 report reflected that \$242,342.48 was expended for a sidewalk project in income eligible neighborhoods. The remaining balance was \$57,478.52 by the deadline of September 30, 2012. The funds will be deobligated in the CDBG-R grant closeout process.

**Other HUD Disciplines:**

**FHEO CAPER Evaluation:**

- No funding for Fair Housing Activities
- Insufficient demographic data to identify the census tracts and geographic distribution of funds that were spent
- No indication that the 2011 CAPER was made available to persons with limited English proficiency or that public translators were provided
- More details are needed for the City's plan for addressing identified impediments as outlined in the analysis of impediments
- Identify when goals will be met and what financing will be used for fair housing actions.

The following information is provided in response to the comments provided by FHEO regarding the End of Year Assessment Program Year (PY) 2011.

**1) No funding for Fair Housing activities**

Fair Housing activities in PY 2011 were included in CDBG Administrative expenditures. No specific activity for fair housing project/activity was identified in the Consolidated Plan or Action Plan. Activities in PY 2011 included: informational presentations regarding fair housing and the City's Fair Housing ordinance at two public hearings; provision of fair housing materials and recommendations through HOME compliance monitoring to Terrace Pines Apartments, a 100-unit elderly HTC development, and Santour Court, 16 units of single family rental housing and also an HTC development; provision of fair housing information to all applicants for housing assistance (26); and the maintenance of fair housing information on the City's website.

**2) Insufficient demographic data to identify the census tracts and geographic distribution of funds that were spent**

As no specific project/activity was funded, no demographic information was collected.

**3) No indication that 2011 CAPER was made available to persons with limited English proficiency or public translators were provided**

All future notices regarding public meetings or public hearings will include the following statement – “For information on TDD, sign language interpretation, or other translation or accessibility information, please contact the Community Development office at (979) 764-3778. Please try to contact the above office at least 48 hours before the scheduled time of the meeting so that your request may be completely fulfilled.”

**4) More details are needed for the City’s plan for addressing identified impediments as outlined in the analysis of impediments**

The 2011 CAPER highlighted the following activities: informational presentations regarding fair housing and the City’s Fair Housing ordinance at two public hearings; provision of fair housing materials and recommendations through HOME compliance monitoring to Terrace Pines Apartments, a 100-unit elderly HTC development, and Santour Court, 16 units of single family rental housing and also an HTC development; provision of fair housing information to all applicants for housing assistance (26); and the maintenance of fair housing information on the City’s website. Moving forward, the City will expand its engagement in community outreach and education, often collaborating with housing providers, mortgage lenders, and other relevant parties in the area. A recent example was the provision of fair housing materials at a local community health fair.

**5) Identify when goals will be met and what financing will be used for fair housing actions**

Fair Housing activities in PY 2011 were included in CDBG Administrative expenditures. No specific activity for fair housing project/activity was identified in the Consolidated Plan or Action Plan. The City strives to increase the number of opportunities to bring fair housing information to the community through hearings, programs, and other various events in the future.

**Multi Family, Public Housing, and Single Family:** No comments or concerns were provided for the CAPER.

As a result of our assessment of the 2011 CAPER, HUD determined the following:

1. The City carried out its program substantially as described in its Consolidated Plan Submission;
2. The Consolidated Plan submission as implemented complies with requirements of the Housing and Community Development Act and other applicable laws and regulations;
3. The City has the continuing capacity to carry out its approved program in a timely manner; and
4. The City met its annual report requirements, which includes the completion of the Annual Action Plan and CAPER.

## 2.0 PY 2013 (FY 2014) Projects & Activities

### 2.1 Summary

The City of College Station's total federal and program income/recaptured funding for PY 2013 (FY 2014) is \$4,095,644 (which includes \$2,657,596 of reprogrammed prior year funds). Program funds have been allocated to an array of projects and activities to benefit low and moderate-income residents and households. Each project is described in detail in the Consolidated Plan Listing of Projects (Figure 4 – HUD Table 3C) in this section. The following is a summary of proposed CDBG and HOME projects and activities and the corresponding page number:

continue to support local programming serving low- and moderate-income persons through assisting agencies that connect residents to services and to publicize programs that will benefit residents.

The Neighborhood Services Coordinator for the City of College Station is now housed with Community Development Staff. There is now a more collaborative effort between Community Development, Code Enforcement, Neighborhood Services, Police Department and other City staff members to address identified needs of underserved households in College Station.

#### **4.3 Funding Across Jurisdictional Boundaries**

24 CFR 570.309 Restriction on location of activities states that “CDBG funds may assist an activity outside the jurisdiction of the grantee only if the grantee determines that such an activity is necessary to further the purposes of the Act and the recipient’s community development objectives, and that reasonable benefits from the activity will accrue to residents within the jurisdiction of the grantee. The grantee shall document the basis for such determination prior to providing CDBG funds for the activity.”

Public Service Agencies located within the City of Bryan jurisdiction serve College Station residents, as these services are not available within the City of College Station jurisdiction. Likewise, Public Service Agencies located within the City of College Station jurisdiction serve Bryan residents, as these services are not available within the City of Bryan. Both cities are located within Brazos County.

Therefore, by funding public service programs that provide services across jurisdictional boundaries, the City is furthering the purpose of the Act by making these needed services available. The City is also meeting one of the goals stated in the 2010 – 2014 Consolidated Plan, specifically, that the City will “encourage and support the delivery of health and human services to assist families in reaching their fullest potential.”

Additionally, the residents of College Station benefit by the ability to access these health and human services, through reduced crime rates which reduces tax burden and makes the community safer, and through a decrease in the burden on the healthcare system.

## 5.0 Affordable Housing

### 5.1 Affordable Housing

One-year goals for affordable housing activities funded with federal funds provided to the City can be found in Figure 23 – Table 3B in the Appendix. This table includes goals for homeless, non-homeless, special needs, rental assistance, production of new affordable units, rehabilitation of existing owner-occupied units, and rehabilitation of existing renter-occupied units.

### 5.2 Affirmative Marketing

In accordance with HOME regulations and to promote affirmative marketing and equal opportunity in housing, the City has procedures to ensure affirmative marketing of units assisted using HOME funds. These are intended to further the objectives of Title VIII of the Civil Rights Act of 1968, the Fair Housing Amendments of 1988, Executive Order 11063, and City of College Station's Fair Housing Law contained in City of College Station Fair Housing Ordinance, Chapter 4, Section 12, Code of Ordinances. Owners/managers of HOME subsidized properties using City HOME funds are required to follow affirmative marketing procedures.

The City will ensure that owners, managers and residents of HOME-assisted units are informed that the grantee is operating under an established affirmative marketing policy and other applicable housing laws. This policy is included in agreements with owners/managers, must be promoted in the community through media and other outlets, and be communicated to any prospective tenants. Owners/managers of HOME-assisted units shall also affirmatively market their units by advertising vacant units in local newspapers and by using other appropriate methods.

All forms of program marketing should depict the Equal Housing Opportunity logo-type or slogan and owners of these properties must provide appropriate notification when any units become vacant. As part of their efforts to ensure that available units are affirmatively marketed to persons not likely to apply for such housing, grantees are encouraged to make HOME information available in non-English languages spoken by minority groups residing in or near the community. Furthermore, grantees are encouraged to distribute marketing materials to area social service agencies that work with minorities, disabled individuals, or other protected groups.

### 5.3 Minority Outreach & Equal Opportunity

To comply with Section 3 of the Housing and Urban Development Act of 1968, and related regulations at 24 CFR Part 135 specifically, the City adopted a new Section 3 Plan in 2012 that will ensure a focused community-wide effort to promote that economic opportunities are provided to eligible residents and business concerns when the city awards construction related contracts funded with federal resources. The City of College Station, City of Bryan, Bryan Public Housing Authority, and the Brazos County Workforce Solutions office will work together to maintain a Certified Section 3 Business Concern list and make job opportunities available to Section 3 Residents. All entities will collaborate to hold annual contractor fairs to better inform local business regarding the requirements and provide technical assistance to those wanting to become certified.

The City also maintains a listing of area HUB's (Historically Underutilized Businesses) to invite to bid on covered projects.

Prime contractors will not be allowed to subcontract with subcontractors previously found in violation of the regulations and will not execute any subcontract unless the subcontractor has first provided a preliminary statement of ability to comply with the requirements of these regulations. City staff will also perform debarment reviews to ensure that no previously debarred contractors are allowed to participate in projects.

#### 5.4 Public Housing

The City of College Station does not have Public Housing Units. The Community Development Unit of the Planning and Development Services Department will work with the Brazos Valley Council of Governments to provide Section 8 voucher holders with security deposit assistance and to encourage self-sufficiency.

#### 5.4 Minority Homeowners

Figure 7 shows the number of owner occupied housing units in 2010 by racial and ethnic minority, according to the U.S. Census.

African American or Black	459	3.9%
Asian	782	6.7%
White	10,024	86.2%
Some other race	368	3.2%
Total	11,633	100%
Hispanic or Latino	2,719	23.4%
Source: U.S. Census, 2010.		

A review of Home Mortgage Disclosure Act (HMDA) information shows the number of loans originated in specific metropolitan areas. In 2011 HMDA reported that 6.4% of the 2,037 home-purchase loans originated for 1 to 4 family and manufactured home dwellings in the College Station-Bryan MSA were to minorities (identified as non-white or white/minority race, and 11.9% of applications with race unreported) and 9.3% of Hispanics or Latinos (with 11.7% where ethnicity was not available). This is compared to 2010 data, which reported that 7.5% of the 2,224 home-purchase loans originated for 1 to 4 family and manufactured home dwellings in the College Station MSA were to minorities (identified as non-white or white/minority race, and 9.2% of applications with race unreported), and 9.0% of Hispanics or Latinos (with 9.6% where ethnicity was not available). It is estimated that about half of the loans in the College Station-Bryan MSA were originated for homes within the city limits of College Station. The number of loans originated is estimated to remain steady in 2013; as a result, there are likely to be 74 minority households and 97 Hispanic/Latino households originating loans for College Station dwellings. The data do not reveal whether these homes are owner or renter occupied and therefore will not illustrate the estimated number of new ethnic or racial minority households that will become homeowners within the next year. However, it is a good estimate to compare with the Census data above to illustrate the number of home transactions involving minorities.

The following Figure 8 shows the number of renter households by race and ethnicity in 2010. There are many more minority households that rent rather than own homes in College Station.

African American or Black	1,953	8.3%
Asian	2,437	10.4%
White	17,374	74.2%
Some other race	1,640	7.0%

Total	23,404	100%
Hispanic or Latino	7,705	32.9%

### 5.5 Barriers to Affordable Housing

Various barriers to affordable housing were identified in the 2010 – 2014 Consolidated Plan. Barriers listed include the potential for higher ad valorem property tax rates, strict building and land use codes, the high cost of land and development, and the high cost of interim financing. The City will continue to work to address the high development costs in order to reduce the burden to affordable housing developers, homebuyers, and tenants.

The following are recommendations to ameliorate barriers to affordable housing in the City of College Station:

- First, it is recommended that the City continue to hold down ad valorem property tax rates through sound fiscal management and economic development.
- It is also recommended that the City continue its policy of soliciting input from the public and working closely with the development community to keep zoning and land use regulations as well as development and building fees to those which are reasonable and necessary.
- The City will engage lenders and other financial institutions and build partnerships to advance affordable housing efforts in the community.
- The City will continue to increase awareness of community needs and affordable housing activities in the community by educating citizens.
- The City will work with for-profit and non-profit developers to leverage resources available for affordable housing.
- Finally, it is recommended that the City promote and carryout education about financial management, home buying, and homeownership to eliminate the barrier for low- and moderate-income households to achieve homeownership.

The Community Development Unit will continue to hold homebuyer education programs on a one-on-one basis to ensure maximum client benefit. Staff continued to provide a home ownership education course and offered it community-wide three times this past year. Forty-two (42) people participated in these three classes. This course will be offered on a quarterly basis throughout the year in anticipation of serving at least 18 people per quarter.

## 6.0 Homeless and Other Special Needs

### 6.1 Homeless and Other Special Needs Activities

In 2013-2014, the City of College Station plans to address homelessness and other special needs through the following activities and resources:

Through the Joint Relief Funding Review Committee (JRFRC), the City will provide technical and financial support for Twin City Mission's The Bridge Shelter Case Management/Client Assistance Program by providing \$25,326 for their case manager's salary. The Bridge program provides an emergency shelter and supportive services for homeless men, women, and families. Services include nutritious meals, daily needs such as clothing and toiletries, and counseling and referrals. Participants receive assistance in overcoming the barriers that prevent them from achieving self-sufficiency and/or maintaining permanent housing. They gain access to needed community services designed to help achieve more stable and independent lives.

The United Way of the Brazos Valley also provides operational funding for Twin City Mission's programs. Outreach and assessment are handled by a variety of local service providers. As homeless and potentially homeless individuals and families are identified, they are referred to Twin City Mission. The case manager at The Bridge facility assists in needs identification and delivery of appropriate services.

The City will also support special needs services through funding for the Mary Lake Peer Support Center of Mental Health Mental Retardation Authority of the Brazos Valley in the amount of \$25,213. The Center offers peer support, self-advocacy, education, social activities, and community integration to a target population of adults 18 years of age and older with mental illness. Peer support specialists assist individuals in developing natural supports and community connectedness, assist in preparation for service planning process, model personal responsibility, and instill hope through sharing their lived experience of recovery.

Due to the high cost of the rental market driven by student demand, Tenant Based Rental Assistance is important for low-income households on the path to achieving self-sufficiency. The City will make Security Deposit Assistance available for permanent supportive housing, transitional housing, or permanent housing for the homeless through Housing Tax Credit and Section 202 properties in College Station. Additionally, the City will partner with the Brazos Valley Council of Governments Housing Choice Voucher Program (HCV) to provide security deposit assistance to Section 8 voucher holders in College Station. The HCV currently prioritizes homeless households and places them at the top of the waiting list. Vouchers are issued to these households upon availability.

Although the City is not entitled to directly receive Emergency Shelter Grant (ESG) funds from HUD, it does cooperate with and provide technical assistance to local non-profit agencies for such funds through the Texas Department of Housing and Community Affairs (TDHCA) and other funding agencies.

Listed below are the HUD-supported properties that provide reduced rent or accept Section 8 vouchers for special needs groups, including homeless, elderly, handicapped, mentally impaired, and low to moderate-income individuals. Average occupancy rate for all units is 98% (Source: Texas Department of Housing and Community Affairs (TDHCA) and apartment management staff).

The City of College Station provides technical assistance to DASH (Decent, Affordable, Safe Housing), a subcommittee affiliated with Habitat for Humanity, which brings together representatives of numerous agencies dealing with “special needs” clientele to identify needs, resources, and to collaborate on solutions. The City also supports the Brazos Valley Coalition for the Homeless (BVCH), a collaboration among agencies, area non-profits, and the Texas Homeless Network. The City continues to provide additional technical assistance to public service agencies through the Joint Relief Funding Review Committee process.

To meet the demand for affordable rental housing in College Station, the City will encourage non-profit developers to construct or otherwise acquire such units. The Request for Proposal for CHDO reserve funds will prioritize proposals that offer the expansion of affordable housing opportunities for individuals and families in the community.

### 6.2 Anti-Poverty Strategy

The City, through its JRFRC, provides the maximum allowable Public Service Agency funding through its CDBG grant allocations to address poverty in the community. The JRFRC received and reviewed ten (10) applications from local health and human service providers for CDBG funding of direct public services to low- and moderate-income residents of Bryan and College Station. Multiple public meetings and public hearings were held by the JRFRC between April and May. The JRFRC recommended funding for all ten (10) public service programs; five (5) programs will be funded by the City of College Station, four (4) will be funded by the City of Bryan, and one (1) program will receive funding from each City. The City of College Station will also provide CDBG funding for two (2) additional public service programs administered by City staff in other departments. These two programs provide child care and educational programming for children from lower-income families of College Station.

The City is an active member of the Brazos Valley Homeless Coalition and the United Way of the Brazos Valley’s Community Impact Council. City staff will continue to collaborate and support many local

organizations that support the “Anti-Poverty Strategy”, including United Way of the Brazos Valley; Twin City Mission; Brazos Valley Community Action Agency; Brazos Valley Council of Governments; Decent, Affordable, Safe Housing Committee (DASH); Project Unity; Workforce Solutions; and Bryan-College Station Community Health Clinic.

## 7.0 Addressing Environmental Compliance and Lead Hazards

### 7.1 Environmental Compliance

For the purposes of CDBG and/or HOME funded activities, the City of College Station is the "Responsible Entity" under the National Environmental Policy Act (NEPA). The City's Executive Director of Planning & Development Services is designated by this Action Plan to serve as the City's Certifying Officer for environmental review requirements. To ensure compliance with NEPA and HUD environmental regulations (24 CFR Part 58), the City complies with prescribed environment review requirements as noted below.

- A project binder titled "NEPA Clearance and Authorization to Commit Federal Funds" is maintained in Community Development staff's offices. This binder contains individual Environmental Review Record (ERR) Coversheets documenting environmental clearance for each CDBG and HOME funded activity.
- Documents certifying NEPA clearance are the responsibility of the Community Development staff. The necessary documents, as required by activity for ERR clearance, are placed in project files by the Community Development staff prior to commencement of project activities or commitment of funds.
- A copy of the ERR Coversheet documenting environmental clearance is forwarded to the Community Development staff. Staff members responsible for requesting purchase orders and processing payments for program expenses ensure that no federal funds are committed or expended on an activity prior to receipt of an ERR Coversheet verifying project eligibility under NEPA for that activity.
- Activities defined as Categorically Excluded (24 Sec. 58.35) and Reverting to Exempt, will be so documented. Projects with environmental conditions triggering the need for a full Format II Environmental Assessment will have a completed ERR, a Finding of No Significant Impact (FONSI) will have been published, and a Request for Release of Funds (RROF) received prior to commitment of funds.
- An ERR Coversheet is prepared for each project which includes the type activity, project name and description, grant and year and approval to proceed. Other required ERR documents are attached to the coversheet. Following is a list of the required ERR clearances and documents typically required for the various CDBG and HOME funded activities.

**Figure 10. Environmental Clearance Documentation Requirement By Program**

Program	Applicable Statute	Typical Clearance Documentation Required

- Notice for Request for Release of Funds & Finding of No Significant Impact

**7.2 Actions to Evaluate and Remove Lead-Based Paint Hazards**

City program efforts to evaluate and remove lead-based paint hazards are found in the City's 2010-2014 Consolidated Plan. The City continues to proceed with the plans and actions outlined in that section of the Consolidated Plan, and, in an effort to gauge the potential problem with elevated lead blood levels, staff monitors information from the Texas Department of Health's Environmental Lead Branch related to testing and results for children in the Bryan – College Station MSA.

The most current information related to this elevated blood lead levels in local children is found in the following table - Texas Childhood Lead Poisoning Prevention Program. The information shows that, out of 632 children tested in College Station, less than 5 had elevated lead levels as compared to 11 for the entire county. The City's goals and objectives will continue to be utilized to address this issue and other opportunities to reduce lead-based paint hazards will be explored.

## 8.0 Institutional Structure and Coordination

The City of College Station coordinates, supports, and administers the affordable housing, supportive housing, homeless, and non-housing community development strategies through its Community Development Unit. The office acts as a liaison with community groups, public institutions, non-profit organizations, and private industry to share information, identify resources and opportunities, and coordinate activities when possible. Several formal organizations and committees exist to aid in this coordination: the Community Partnership Board, the United Way of the Brazos Valley, Brazos Valley Council of Governments, Texas A&M University, Blinn College, Small Business Administrative Office, Bryan-College Station Community Health Center Coalition, the Brazos Valley Health Partnership, Brazos Valley Affordable Housing Corporation, Brazos Valley Coalition for the Homeless, the Chamber of Commerce, Habitat for Humanity, the Texas Agriculture Extension Office, the DASH (Decent, Affordable and Safe Housing) Committee, and the Joint Relief Funding Review Committee. Staff will continue to participate as members of, or in partnership with, these organizations as well as work individually with others.

The City will coordinate with and provide support to other entities that either directly or indirectly help in accomplishing Consolidated Plan goals locally. Organizations having contractual agreements with the City will be monitored as outlined below. Other entities contributing to Consolidated Plan endeavors, but not receiving CDBG/HOME funds from the City, will be supported and encouraged as appropriate. City staff will participate in coordination efforts among local health and social service providers to help further Consolidated Plan goals and objectives.

The City executed a non-financial agreement with the Brazos Valley Council of Governments for the intake processing, rental unit inspections, and information management of Section 8 Voucher holders who will apply for and receive TBRA Security Deposit Assistance from the City's program. Additionally, the City will work to execute contracts with all HTC properties in College Station to provide Security Deposit Assistance to their eligible tenants. Staff have continued work to expand the TBRA program to encompass other housing providers, including a HUD Section 202 elderly property, LULAC Oak Hill Apartments (50 elderly units), and BVCAA , a local CHDO which is currently developing affordable rental units.

## 9.0 Program Monitoring

The City of College Station Monitoring Plan will consist of three reviews:

### 9.1 Internal Review of City Programs

Forms used in the implementation of community development programs and that constitute legal instruments, such as contracts, will be approved by the City Attorney prior to their use. Other necessary forms will be developed and approved by the Community Development staff in compliance with all applicable regulations. Community Development staff will be responsible for maintaining accurate and complete files as required by HUD on each participant and recipient of assistance.

In addition, staff will conduct regular reviews to determine compliance with short and long-term program requirements. Additionally, activities that provide owner-occupied housing assistance and housing to special needs populations or the homeless will be monitored for compliance with the Fair Housing and Equal Opportunities (FHEO) requirements. The City of College Station, with the technical assistance from HUD FHEO staff, has completed a Fair Housing Plan. The City will update the Plan as necessary and will promote Fair Housing through a variety of means, to include: public hearings; homebuyer counseling and training sessions; City-sponsored neighborhood block parties and conferences; publicly supported newsletters; adoption of Fair Housing Ordinances; outreach to housing providers; and inclusion of Fair Housing links and information on the City's web-site. The City will collaborate with other entities to hold a Fair Housing Fair for area residents and property owners during PY 2013.

The City of College Station will also conduct reviews of sub-recipient projects for compliance with Section 504 Handicapped Accessibility, Lead-Based Paint, Housing Quality Standards, Davis-Bacon Labor Standards, Section 3, and other rules as applicable. The City has adopted the International Code Council Standards to ensure quality and energy efficient construction and property maintenance.

The City of College Station shall meet all requirements set forth by the Office of Management and Budget and shall comply with the requirements and standards of OMB Circular Nos. A-87, A-110 and A-133, and with the applicable sections of 24 CFR Part 85. An independent audit of the City is also conducted on an annual basis to ensure that CDBG and HOME funds are used in accordance with all program requirements. The City also performs a monthly review of its progress regarding the timeliness of expenditure requirements for CDBG funds. When and if benchmarks are not being met to ensure compliance with expenditure requirements, program managers are contacted and discussions held to identify and address delays.

CDBG and/or HOME funded housing projects are carried out in accordance with the locally adopted construction and property maintenance codes. The City funds code enforcement activities carried out in the L/M portions of the City to ensure maintenance of properties to local code requirements. The City also places the required liens against properties to ensure the required length of affordability, and performs an annual audit of projects to ensure continued maintenance, code compliance, current taxes and required occupancy status. Finally, to verify housing standard compliance, City staff inspects all HTC units, and BVCOG staff inspects all Section 8 voucher program units, prior to the approval of TBRA Security Deposit assistance.

## **9.2 Sub-recipient Monitoring**

The City of College Station serves as the Grantee and contracts with sub-recipient organizations to provide services to low-income citizens. The contract details specific services to be provided and a concise statement of conditions, requirements, reporting and performance criteria. All contracts are approved by the City Attorney's Office prior to use.

The City of College Station has the responsibility for overall CDBG and HOME performance and Consolidated Plan compliance, including the performance of its sub-recipients. Clear record keeping requirements for sub-recipients are essential for grant accountability. Responsibility for maintaining many of the records is assigned to the sub-recipient. This includes responsibility for documenting activities with special requirements, such as necessary determinations, income certifications, or written agreements with beneficiaries, where applicable.

Monitoring sub-recipients provides a basis for assessing each program's operations and allows the City to document successes and identify problems. A secondary goal of monitoring is to obtain ongoing data for use in identifying needs and for program reporting. These evaluations will address program goals, measure progress toward those goals during the provision of services, and summarize monitoring concerns and findings. Findings are defined as regulatory violations; concerns are defined as any area of concern not directly in violation of regulations. Written monitoring reports will be sent to the sub-recipient no later than 60 days following the review. If findings and/or concerns are present, corrective action will be stipulated in the written report along with a deadline for this action to take place and be reported to the City. All sub-recipients will be monitored at least once a year. Currently, the City's CHDO is required to provide a written report of its activities on a bi-annual basis, and staff monitors the agency twice annually. City staff also review and approve each CHDO sponsored project that uses HOME program funding.

## **9.3 Procedures for Recaptured HOME funded Homebuyer and Homeowner Programs**

The Down-Payment Assistance Program (DAP) offers a 0%, deferred loan of 15% of the sales price and requires a minimum 5-year affordability period. The loan is secured by a Note and Deed of Trust. Recapture of funds is required upon resale, failure to maintain as a homestead, or transfer of ownership. The HOME investment amount subject to recapture is based on the amount of HOME assistance that enabled the homebuyer to purchase the dwelling unit and is repayable in full. The HOME investment includes any assistance that reduces the purchase price from the fair market value to an affordable price. The recaptured funds must be used to carry out HOME eligible activities. Similarly, for the homeowner assistance program, Owner-Occupied Rehabilitation assistance is provided through a low interest loan. Funds will be recaptured through regular payments or upon sale of the property or transfer of ownership.

## 10.0 FAIR HOUSING NARRATIVE AND ACTION PLAN

### 10.1 Affirmatively Furthering Fair Housing

The City of College Station updated its Analysis of Impediments to Fair Housing in 2010 to coincide with the 2010-2014 Consolidated Plan, with three major objectives:

- 1) Identify impediments to fair housing choice within the City of College Station
- 2) Recommend appropriate actions to overcome the effects of identified impediments
- 3) Serve as a formal record of the City's attention to fair housing issues

The following fair housing observations and/or concerns were identified:

- Rising number of fair housing complaints indicates that fair housing education outreach and efforts have been successful; citizens know their rights and are successfully able to register their complaints for arbitration. However, the steady number of complaints also points out that some residents of College Station continue to face obstacles, whether real or perceived, in their pursuit of fair housing.
- Most dilapidated housing is located in low- to moderate-income areas which are also areas of minority concentration.
- A review of advertising indicates that local housing providers, lenders, and insurers need to be more diligent to include fair housing logos and diverse human models, as well as bilingual advertising.
- Review of the most recent home mortgage loan data (HMDA) from 2008 indicated that minority and low- to moderate-income applicants see their loan applications denied at higher rates than do White and/or high-income applicants.
- Most of the fair housing complaints registered in College Station relate to the denial of rental housing.
- Rather than constructing concentrated affordable housing, the City promotes scattered site, low-density, low- to moderate-income housing, in the belief that this approach helps limit concentrated areas of poverty in the City.
- Current limits on the numbers of occupants in a single-family dwelling meet the test of reasonableness under the Fair Housing Act. However, the City must be careful that any further reductions in the number of occupants allowed are not unreasonable.
- Advertisements for home sales and rental frequently contain a "No HUD" stipulation.

An analysis of the Home Mortgage Disclosure Act data for the Bryan/College Station MSA from 2011 affirms similar conclusions derived from the 2008 data as shown in the 2010 Analysis of Impediments. In general, minority and low-income residents are more likely to have loans denied. Furthermore, it is more difficult to be approved for a conventional loan versus an FHA loan, and even more so for a refinance or home improvement loan. For the loans that are denied, credit history and debt-to-income ratio are the most significant hurdles, especially for the aforementioned groups.

Figures 12 and 13 below display the denial rates for mortgage loans across several categories; the former with FHA, FSA/RHS, and VA loans, and the latter with Conventional Loans.

Of the selected categories, only 8.3% of FHA et al. loans were denied in 2011, compared to 15.6% of conventional loans. While denials occurred more frequently across race, ethnicity, and income, minority and low-income applicants were more often affected. For such applicants applying for conventional loans, nearly 50% were denied. Black applicants were three times as likely to be denied for a loan compared to white applicants.

Credit history is greatest influence of loan approval. Following the recent economic crisis, lenders responded by tightening credit requirements, therefore limiting the pool of potential loan applicants. As a result, about one-fourth of non-conventional loans and over one-third of conventional loans were denied in 2011 due to poor credit scores. **Figures 14 and 15** further detail the cause of loan denial.

As discussed above, the two most common reasons for loan denial are debt-to-income ratio and credit history. For conventional loans, credit history was a significant barrier overall at 33% (race/ethnicity) and 42% (income), while debt-to-income ratio was at 15% (race/ethnicity) and 20% (income). However, for FHA and other non-conventional loans, the percentages were much closer; 27% versus 21% (race/ethnicity) and 22% versus 21% (income), respectively. Generally, as income rose, the denial percentage across each category declined.

These tables continue to illustrate that minority applicants have greater difficulty securing financing. Black residents with poor credit saw their applications denied most of the time (50% FHA, 59% conventional). Those of Hispanic origin faced similar obstacles.

Given the above concerns and potential barriers to fair housing in College Station, the following actions were recommended in the 2010 Analysis:

- Continue and increase successful fair housing educational and outreach activities to ensure a greater distribution of bilingual materials on the Internet, in the public library, and on public service radio and television.
- Continue rehabilitation and reconstruction programs, targeting clusters of dilapidated housing in low-mod, minority areas.
- Work with local lenders, insurers, and housing providers to ensure non-discrimination in advertising and in providing housing and housing services.
- Continue to support and partner with private Housing Tax Credit developers to construct new, safe, decent, affordable, and sustainable rental housing, particularly for the low-income elderly.
- Carefully review any future requests to reduce the allowable number of occupants in a single-family dwelling to ensure that the test of reasonableness under the Fair Housing Act is met.
- Continue to require developers of properties containing five or more HOME-assisted units to prepare and submit an Affirmative Fair Housing Marketing Plan adopted from HUD Form 935.2. This plan ensures affirmative marketing of affordable units.
- Work to educate the public about the Section 8 Housing Voucher Program in an attempt to decrease the number of residents who refuse to lend or sell housing to HUD-sponsored buyers.
- Educate private lenders about the need for equity in the approval of home loan applications. At the same time, the City will work with minority and low-income applicants to help them put together high-quality loan applications and understand the importance of good credit and sound financial practices.

The City of College Station has taken an active approach to educating the public and establishing strong, inclusive, and community-focused engagement with local housing providers, lenders, and various other partners. The 2010-2014 Consolidated Plan identified Fair Housing as a "High Priority Community Development Need." Fair housing efforts will be conducted throughout the entire community, with a focus on the low-income and minority populations. The City will also continue to work on a more regional level, coordinating fair housing efforts with the City of Bryan. One example of that cooperation is the move by both City Councils to pass a resolution against the exploitative nature of payday lending activities, which unfairly target low-income, minority individuals and families.

The College Station Community Development Unit has adopted both a Fair Housing Plan and Citizen Participation Plan, which guide the planning process and the way in which services are provided. Public hearings and other meetings provide an opportunity to disseminate fair housing materials and engage in

personal communication with community on fair housing issues. In the annual preparation for the yearly Action Plan, staff request public comments not only regarding the use of federal grant funds in the community, but also any fair housing concerns. Additional opportunities for public interaction come throughout the year, as City staff attend neighborhood meetings, community health fairs, and other applicable engagements.

The City is guided by its Fair Housing Ordinance, which mirrors the federal legislation and offers its citizens a transparent description of fair housing laws. The City also promotes state and federal resources on its website, with a link to the U.S. Department of Housing and Urban Development website, and contact information for the Fort Worth Regional FHEO Office and the Texas Workforce Commission.

An analyst on staff is certified through NeighborWorks America as a counselor in Homeownership Education and provides a month-long course which covers credit worthiness, budgeting, and mortgage lending, among other considerations. Fair housing education is also a component of this curriculum. Further education is provided to applicants in the City's Down Payment Assistance Program (DAP), funded by the HOME grant.

The City offers continuing education to its housing partners as well, through presentations, monitoring visits, and provision of fair housing materials. Furthermore, City staff work to strengthen relationships with property owners, management companies, and local lenders. All promotional materials and program applications feature the fair housing logo. Additionally, through the annual JRFRC process with the City of Bryan, the City of College Station accepts applications for CDBG funding from eligible public service agencies, including agencies working to further fair housing.

## 10.2 Fair Housing Action Work Plan

The City sets forth in the coming fiscal year to assess the impact of the promotion of fair housing throughout the community. Identified below are several activities to be undertaken by staff in PY 2013.

**Observation: Most dilapidated housing is located in low- to moderate-income areas which are also areas of minority concentration**

### Action Item 1:

Target minority, low/mod-income areas for rehabilitation and reconstruction programs

- Continue to market City's housing programs, with a special emphasis in areas with high minority populations
- Utilize rehab/reconstruction to address housing needs and eliminate hazardous living conditions

### Action Item 2:

Provide fair housing education and enforcement services

- Participate in joint fair housing activities with the City of Bryan
- Present fair housing materials at neighborhood association meetings
- Provide a fair housing information to new City employees during orientation
- Engage with public service agencies that share fair housing concerns
- Utilize public meetings to give fair housing presentation/materials

### Action Goals:

The goals of the above items are to reduce segregation, improve living conditions, and educate the public of their housing rights.

Progress Monitoring:

City staff will collect and report on these action items quarterly, measuring the effectiveness of the housing programs and public engagement. A summary will form the basis of an annual review.

**Observation: Local housing providers, lenders and insurers need to be more diligent to include fair housing logos and diverse human models, as well as bilingual advertising**

Action Item 1:

Increase successful fair housing educational and outreach activities to ensure a greater distribution of bilingual materials on the Internet, in the public library, and on public service radio and television

- Supply housing partners with bilingual fair housing materials
- Expand the catalog of translated fair housing materials

Action Item 2:

Work with local lenders, insurers, and housing providers to ensure non-discrimination in advertising and in providing housing and housing services

- Strengthen relationships with public/private housing partners through seminars and other coordinated events
- Promote the continued use of all fair housing symbols

Action Goals:

The goals of the above items are to better inform residents, including those who speak English as a second language, about their rights and how to file a housing discrimination complaint as well as educate housing partners on the use and effects of fair housing logos.

Progress Monitoring:

City staff will collect and report on these action items quarterly, including outreach events and distribution of bilingual materials. A summary will form the basis of an annual review.

**Observation: Minority and low- to moderate-income applicants see their loan applications denied at higher rates than do White and/or high-income applicants**

Action Item 1:

Educate private lenders about the need for equity in the approval of home loan applications

- Extend outreach to a greater number of local lenders
- Expand marketing efforts of housing programs to lending institutions

Action Item 2:

Work with minority and low-income applicants to help them put together high-quality loan applications and understand the importance of good credit and sound financial practices

- Increase the number of individuals who complete the City's Homebuyer Education course
- Increase the number of individuals who participate in the City's Down Payment Assistance Program (DAP)
- Increase the number of minority clients utilizing the City's programs

Action Goals:

The goals of the above items are to better educate minority, low-income residents about credit, budgeting, and the home buying process and further develop relationships with local lenders.

Progress Monitoring:

City staff will collect and report on these action items quarterly, measuring the effectiveness of the housing programs and lender engagement. A summary will form the basis of an annual review.

**Observation: Most of the fair housing complaints registered in College Station relate to the denial of rental housing**

Action Item 1:

Work with local lenders, insurers, and housing providers to ensure non-discrimination in advertising and in providing housing and housing services

- Strengthen relationships with public/private housing partners through seminars and other coordinated events
- Engage with public service agencies that share fair housing concerns

Action Item 2:

Work to educate the public about the Section 8 Housing Voucher Program in an attempt to decrease the number of residents who refuse to lend or sell housing to HUD-sponsored buyers

- Help promote the Housing Choice Voucher (HCV) Program with BVCOG staff
- Expand marketing of the City's TBRA program, which aligns with the HCV Program

Action Goals:

The goals of the above items are to promote non-discriminatory practices of housing providers and expand decent and safe housing opportunities for low-income, minority residents.

Progress Monitoring:

City staff will collect and report on these action items quarterly, measuring the effectiveness of the housing programs and lender engagement. A summary will form the basis of an annual review.

### 10.3 HOME Affirmative Marketing Procedures

As prescribed in 24 CFR 92.351, HOME regulations require that affirmative marketing procedures are followed for any rental or homebuyer projects containing more than 5 HOME-assisted housing units. The majority of the projects where these requirements are applicable are in large rental projects. The homebuyer projects carried out by the CHDOs and the DAP program do not fit the criteria; however, processes to assure affirmative marketing are also in place for these projects.

The City of College Station ensures that for every program assisted with HOME funds, actions are taken to provide information and otherwise attract eligible persons from all racial and ethnic groups in the community.

All of the large rental projects have included funding through the tax credit program administered by the Texas Department of Housing and Community Affairs (TDHCA). Through city and state support, information on availability of units assisted through the HOME program is disseminated through a variety of means.

The City will ensure that owners, managers and residents of HOME-assisted units are informed that the grantee is operating under an established affirmative marketing policy and other applicable housing laws. This policy is included in agreements with owners/managers; it must be promoted in the community through media and other outlets and be communicated to any respective tenants. Owners/managers of HOME-assisted units shall also affirmatively market their units by advertising vacant units in local newspapers and using other appropriate methods.

All forms of program marketing should depict the Equal Housing Opportunity logo-type or slogan and owners of these properties must provide appropriate notification when any units become vacant. As part of their efforts to ensure that available units are affirmatively marketed to persons not likely to apply for such housing, grantees are encouraged to make HOME information available in non-English languages spoken by minority groups residing in or near the community. Furthermore, grantees are encouraged to distribute marketing materials to area social service agencies that work with minorities, disabled individuals, or other protected groups.

Outreach activities for the DAP program and other owner-occupied projects include marketing to area public schools, places of worship, neighborhood groups, and various public agencies. Individuals participating in other local homeownership programs through nonprofit organizations are encouraged to participate in like-minded City housing programs.

#### **10.4 Section 3 Plan**

In order to ensure compliance with Section 3 of the Housing and Urban Development Act of 1968, and related regulations at 24 CFR Part 135 specifically, the City adopted a new Section 3 Plan in 2012 that will ensure that a focused community-wide effort to promote economic opportunities is provided to eligible residents and business concerns when the city awards construction related contracts funded with federal resources. The City of College Station, City of Bryan, Bryan Public Housing Authority, and the Brazos County Workforce Solutions office will work together to maintain a Certified Section 3 Business Concern list and make job opportunities available to Section 3 Residents. All entities will collaborate to hold an annual contractor fairs to better inform local businesses regarding the requirements and to provide technical assistance to those wanting to become certified.

The City also maintains a listing of area HUB's (Historically Underutilized Businesses) to invite to bid on covered projects.

Prime contractors will not be allowed to engage any subcontractor previously found in violation of the regulations and will not execute any subcontract unless the subcontractor has first provided a preliminary statement of ability to comply with the requirements of these regulations. City staff will also perform debarment reviews to ensure that no previously debarred contractors are allowed to participate in projects.

## Appendix B: Certifications

### CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

**Affirmatively Further Fair Housing** -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

**Anti-displacement and Relocation Plan** -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

**Drug Free Workplace** -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about –
  - (a) The dangers of drug abuse in the workplace;
  - (b) The grantee's policy of maintaining a drug-free workplace;
  - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
  - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
  - (a) Abide by the terms of the statement; and
  - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted:
  - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

**Anti-Lobbying** -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

**Consistency with plan** -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

**Section 3** -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

## Specific CDBG Certifications

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

**Following a Plan** -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available;
2. **Overall Benefit.** The aggregate use of CDBG funds including section 108 guaranteed loans during program year 2011, 2012, 2013 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

**Compliance With Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

**Compliance with Laws** -- It will comply with applicable laws.

**Specific HOME Certifications**

The HOME participating jurisdiction certifies that:

**Tenant Based Rental Assistance** -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

**Eligible Activities and Costs** -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

**Appropriate Financial Assistance** -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing.

## APPENDIX TO CERTIFICATIONS

### INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

#### A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

1207 Texas Ave. South, College Station, Brazos County, Texas, 77840

---

1101 Texas Ave. South, College Station, Brazos County, Texas, 77840

---

Check \_\_\_\_ if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

## Appendix C: Glossary of Terms and Acronyms

**Acquisition:** Obtaining real property, following state and federal regulatory requirements, for the purpose of preparing a proposed, eligible city activity.

**Affordable Housing:** Affordable housing is generally defined as housing where the occupant is paying no more than 30% of their gross income for housing costs.

**Allocation:** Funds set aside for a particular approved activity.

**Area of Minority Concentration:** Any neighborhood in which the percentage of households in a particular racial or ethnic minority group is at least 10 percentage points higher than the percentage of that minority group for the MSA.

**Area of Low-Income Concentration:** A census tract where over 51% of the population consists of households with incomes below 80%.

**BVCAA (Brazos Valley Community Action Agency):** Local non-profit service provider agency, providing a variety of services to the low-income and special needs population.

**BVCASA (Brazos Valley Council on Alcohol and Substance Abuse):** Local nonprofit service provider agency, providing assistance to individuals who suffer from the effects of alcohol and substance abuse.

**BVCH (Brazos Valley Coalition for the Homeless):** Coordinates planning to address homeless and shelter needs in the Brazos Valley.

**BVCOG (Brazos Valley Council of Governments):** Multi-county consortia agency that provides low-income housing assistance programs to the multi-county region it serves.

**CDBG (Community Development Block Grant):** An annual grant of federal dollars to the City of College Station from the U.S. Department of Housing and Urban Development. The funds are spent on activities that benefit low and moderate income persons, eliminate slum and blight, or address an urgent need.

**CHDO (Community Housing Development Organization):** A private nonprofit, community-based service organization whose primary purpose is to provide and develop decent, affordable housing for the community it serves. Certified CHDOs receive certification from a Participating Jurisdiction (PJ) indicating that they meet certain HOME Program requirements and therefore are eligible for HOME funding. One requirement is a specific level of low-income resident participation on the Board of Directors. The PJ must commit a minimum 15% of all Federal HOME Investment Partnership Program funds each year to a CHDO.

**Consolidated Plan:** Developed by City with input from citizens and community groups, the Consolidated Plan serves four functions: 1) it is a planning document for the community, built upon public participation and input; 2) it is the application for funds under HUD's formula grant programs (CDBG, HOME, ESG, and HOPWA); 3) it lays out local priorities; and 4) it lays out a 5 year strategy the City will follow in implementing HUD programs.

**Continuum of Care:** A comprehensive system for moving individuals and families from homelessness to permanent housing by providing services (e.g. job training, counseling, budget counseling, education, etc.)

**Cost Burden:** The extent to which gross housing costs, including utilities, exceed 30% of gross income, based on available data from the U. S. Census Bureau.

**DASH:** Decent, Affordable, Safe Housing; a local nonprofit housing coalition.

**Demolition:** The act of removing a structure, or component of a structure, in order to prepare a project site for an eligible activity. Waste materials from the demolition are discarded in an appropriate landfill.

**Elderly:** A person who is at least 62 years of age. For the purposes of some HTC projects, the age of 55 years old may be applied.

**Emergency Shelter:** Any facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary shelter for the homeless in general or for specific populations of the homeless.

**CD (Community Development Unit):** The City of College Station's Planning and Development Services Department – Community Development Unit.

**ESG (Emergency Shelter Grant):** HUD provides funds to improve the quality of emergency shelter, to help make available emergency shelter, and to help meet operating costs and costs of essential social services to homeless individuals.

**Extremely Low-Income Family:** A family whose income is between 0% and 30% of the median income for the area, as determined by HUD.

**FEMA (Federal Emergency Management Agency):** Administers funds to local emergency service organizations for responses to emergency situations.

**Frail Elderly:** An elderly person (62+) who is unable to perform at least three activities of daily living, such as eating, dressing, bathing, grooming, or household management.

**FY (Fiscal Year):** The budget calendar year whereby all accounting transactions commence and complete.

**Geographic Information Systems (GIS):** An information system for capturing, storing, analyzing, managing, sharing, and displaying geographically referenced information.

**HOME (HOME Investment Partnership Grant):** An annual grant from the U.S. Department of Housing and Urban Development that provides funds for affordable housing projects/programs.

**Homeless:** An individual or family who lacks a fixed, regular, and adequate nighttime residence described by terms "sheltered" or "unsheltered".

**Homeless Person:** Unaccompanied person 17 years of age or younger who is homeless.

**Housing Problems:** Households with housing problems including physical defects, overcrowding and cost burden. Overcrowding is defined as a housing unit containing more than one person per room.

**HTC (Housing Tax Credit):** See LIHTC below

**HUD:** U. S. Department of Housing and Urban Development.

**I&R:** Information and Referral

**IDIS:** Integrated Disbursement information System

**JRFRC:** Joint Relief Funding Review Committee.

**Jurisdiction:** A state or unit of general local government.

**Lead-Based Paint Hazard:** Any condition that causes exposure to lead from lead-contaminated dust, soil, or paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects.

**LIHTC (Low Income Housing Tax Credits):** A way of obtaining financing to develop low-income housing. Government programs provide dollar-for-dollar credit toward taxes owed by the housing owner. These tax credits can be sold, or used to back up bonds that are sold, to obtain financing to develop the housing.

**L/M Income or LMI:** Low to Moderate income. "Persons of low and moderate income" and "low- and moderate-income persons" mean families and individuals whose incomes do not exceed 80 percent of the median income of the area involved, as determined by the Secretary with adjustments for smaller and larger families.

**Low Income:** Families and individuals whose incomes do not exceed 50 percent of the median income of the area involved, as determined by the Secretary with adjustments for smaller and larger families.

**LULAC:** League of United Latin American Citizens

**MFI:** Median family income

**MHMR:** Mental Health Mental Retardation

**Moderate Income:** Families and individuals whose incomes exceed 50 percent, but do not exceed 80 percent, of the median income of the area involved, as determined by the Secretary with adjustments for smaller and larger families.

**MSA:** Metropolitan Statistical Area.

**ORP (Optional Relocation Program):** A housing assistance program providing funds to a low-income owner-occupant for demolition of an existing structure and reconstruction of a new housing unit when the existing structure has deteriorated to a point that rehabilitation is no longer feasible or cost efficient.

**PJ:** Participating Jurisdiction

**Program Year (PY):** The HUD Program Year

**Presumption of Affordability Study:** For the purposes of continued affordability for the HOME program, a study for a specific geographic area demonstrating the affordability of housing for low/mod populations.

**Rehabilitation Program:** A city-designed housing assistance program that provides funding to an owner-occupant for necessary renovation and repairs to their existing structure, when the rehabilitation is considered feasible and cost effective.

**Section 8 Program:** The program provides rental assistance. Those who receive the assistance pay no more than 30% of their gross income for rent.

**Self Sufficiency:** A program designed to provide support services to enable participating families to achieve economic independence and self-sufficiency.

**Standard Condition:** Improvements / structures which are determined to be in compliance with the City of College Station Building Codes.

**Substandard Condition:** Improvements / structures which are determined to be in noncompliance with the City of College Station Building Codes.

**Substandard - Suitable for Rehabilitation (Repairable):** A structure which is structurally sound, and for which the cost to address the identified City of College Station Building Code deficiencies will not cause total property indebtedness to exceed 90 % of the after-rehabilitation property value.

**Substandard - Not Suitable for Rehabilitation (Non-Repairable):**

1) **Structurally Infeasible for Rehabilitation:** An improvement / structure in which the majority of the primary structural components have deteriorated to the extent that the physical integrity is seriously compromised. The structure can only be brought into code compliance through new construction activities.

2) **Economically Infeasible for Rehabilitation:** An improvement / structure for which the cost required to address the identified City of College Station Building Code deficiencies will cause the total property indebtedness to exceed the after rehabilitation property value.

**Substandard Condition and Not Suitable for Rehab:** By local definition, dwelling units that are in such poor condition as to be neither structurally nor financially feasible for rehabilitation.

**Substandard Condition but Suitable for Rehab:** By local definition, dwelling units that do not meet standard conditions but are both financially and structurally feasible for rehabilitation. This does not include units that require only cosmetic work, correction of minor livability problems or maintenance work.

**TBRA (Tenant Based Rental Assistance):** A HUD-funded rental subsidy provided to low-income individuals through the HOME program that can be used by the individuals for rent or security deposit expenses.

**TDHCA (Texas Department of Housing and Community Affairs):** State agency that receives and administers federal funding for all the major HUD sponsored grants.

## Appendix E: Comments

Figure 25. Comments from March 5th, 2013 Public Hearing

Comments
A questionnaire regarding the use of CDBG and HOME funds was offered for public response at the public hearing and subsequently on the City's website. The results of the survey are on file. Please see Section 1.3 Citizen Participation for a summary of responses. Specific responses from the hearing itself are below.
"Social services are a critical component and indicator of the overall health of a community."
"The City of College Station continued support at 15% is vital to the continuation of these areas above."
"Thank you for continuing to use the full 15% of CDBG monies for community services."
"I would like to thank the City of College Station for bringing these much needed funds to our community. I encourage the City to continue allowing the 15% max for public service agency funding. Thanks to all the staff of the Community Development office for their hard work to put all of this together."
"Southgate Village Apartments is College Station's largest property where its residents live in extreme poverty. That area needs to be College Station's #1 priority for appropriate housing for the families living there."

Figure 26. Comments from the 30-Day Public Comment Period

Comments
"I want to thank the City of College Station for its participation with the Community Development Block Grant that brings in these much needed dollars to our community. I encourage the city to continue to bring them in and to allow for 15% of the dollars to be designated for Public Service funding. These dollars are so important as the local nonprofits continue to see a decline in funding from various sources. Without this funding stream, there are a lot of good programs that would either have to be cut back or eliminated altogether that benefit our citizens that are in need."

Figure 27. Comments from July 9th, 2013 Public Hearing (Presentation of Draft Plan)

Comments
"Project Unity is appreciative of the fact that the City of College Station uses CDBG funds allowed for community organizations. The funding sustains our operation in ways that other funding cannot. Thank you."

### Responses to Comments:

City Council and management supported the allocation of the full 15% of CDBG for Public Service programming.

**Cooner Street Rehabilitation  
 Continuation**

Activity: Cooner Street Rehabilitation - Continuation  
 Activity #: 523

Boundary of Service Area of Activity: Census Tract 001301 Block Group 1

**Basis for Boundary Determination:**

Cooner Street is located in a low-income neighborhood that includes 73.1% LMI households. This street serves as a main point of access for several neighborhood streets as well as serving multiple commercial locations. This project was selected due to the increasing system failures in the service area. This project includes the rehabilitation of water and wastewater lines and paving along Cooner Street and is the first phase of work to be completed in this area. Both the sanitary sewer lines and water distribution lines are in need of replacement due to an increase in service disruptions caused by deteriorating lines.

The project scope will include the replacement of existing wastewater, water, and roadway infrastructure. Funds will be used for the design of the entire project and construction of the street improvements. Water-wastewater funds will be used for the rehabilitation of those systems.

Appendix J: Resolution

RESOLUTION NO. 08-08-13-2m

A RESOLUTION OF THE CITY OF COLLEGE STATION, TEXAS, APPROVING THE PROGRAM YEAR 2013 ACTION PLAN AND BUDGET ALLOCATING COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) AND HOME INVESTMENT PARTNERSHIP (HOME) PROGRAM FUNDS.

WHEREAS, the City of College Station is entitled to receive \$1,028,957 in Community Development Block Grant (CDBG) funds and \$379,327 in Home Investment Partnership Program (HOME) funds from the United States Department of Housing and Urban Development (HUD) in fiscal year 2014 and has prepared a Program Year 2013 Action Plan and Community Development Budget as required to secure these funds; and

WHEREAS, the City of College Station, Texas, has a Five-Year Consolidated Plan that has been approved by both HUD and the City that guides the development of each year's Action Plan and Budget; and

WHEREAS, the City of College Station, Texas, has an established Community Development Program under Chapter 373 of the Texas Local Government Code that (1) identifies areas of the City with concentrations of low and moderate income persons; (2) establishes areas in which program activities are proposed; (3) provides a plan under which citizens may publicly comment on activities; and (4) requires public hearings on program activities; and

WHEREAS, the City of College Station has provided adequate information to the citizens and an opportunity to participate in the development of the City's Program Year 2013 Action Plan and Community Development Budget; and

WHEREAS, the City Council acknowledges that the adoption of the Program Year 2013 Action Plan and Community Development Budget is in the best interest of the City and is for the purpose of securing additional community development resources for the primary benefit of low income (LI) and to low-to-moderate income (LMI) citizens; now, therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COLLEGE STATION, TEXAS:

PART 1: That the City Council hereby approves the Program Year 2013 Action Plan and Community Development Budget which serves as the City's application to HUD for CDBG and HOME funds;
