### Chapter Terms

**GOAL** – A broad statement that generally addresses the desired result in 5-7 years and beyond.

*Example: To be a neighborhood that is a collection of unique areas with preserved character and long-term viability and appeal as an established family-friendly neighborhood (Southside).*

**STRATEGY** – Statements addressing possible approaches or direction needed to accomplish the stated goal.

*Example: Address the visual impact of off-street parking to lessen the impact of rental property on the character and integrity of the neighborhood (Southside).*

**ACTION** – A specific action that should be taken by residents, neighborhood organizations, City Staff, or the City Council to implement the strategy.

*Example: Amend the Unified Development Ordinance to limit the size of allowed parking areas within the front portion of single-family and duplex lots in the neighborhood (Southside).*
