HELPFUL TIPS

- Register your pet. A county tag provides a 24-hour hotline for lost and found pets, trauma support for up to \$500, ride to vet for injured pets, annual reminders to renew rabies vaccinations, reduced impoundment fee and helps fund our local humane society.
- Let the Aggieland Humane Society know if your pet changes owners or if you've changed addresses or phone numbers. Don't forget to give them your cell or work numbers too.
- Humane, live traps for skunks, raccoons, opossums, cats and dogs are available from CSPD Animal Control.
- If you are scratched or bitten by an animal, report it to CSPD at 979.764.3600.
- If a stray animal enters your property, you may contact CSPD Animal Control to have it removed.
- Supervise children and pets playing together.
- Consult with your veterinarian about needed vaccinations and heart worm/flea/tick preventions.
- Ensure that your pet is properly cared for when you have to leave town.

ANIMAL CONTROL ORDINANCES

The following City of College Station ordinances are to be observed by all pet owners and are enforceable through the courts. All breaches are subject to fines not to exceed \$500.

1. Any dog, cat or ferret over four months of age must be rabies vaccinated and registered with Brazos County. Registration tags can be purchased through your veterinarian or the Aggieland Humane Society. The animal must wear its current county and rabies vaccination tags.
2. Registration shall cover a period of one year from date of issuance, in conjunction with the date of rabies vaccination.
3. It is an offense to have pets at large. At large means to be free of physical restraint beyond the boundaries of the owner's premises.
4. It is an offense to allow an animal to make excessive noise by barking, howling, screeching, etc.
5. When not on your property, clean up after your pet.
6. Any animal impounded will be held for a minimum of 72 hours. All fees (impound fee, county registration and rabies shot fee, if needed) must be paid before an animal can leave the humane society.
7. A permit is required for more than four dogs and/or cats. Contact CSPD Animal Control.
8. It is an offense to keep or harbor any wild animal within city limits without a state permit.
9. It's unlawful to leave an animal enclosed in a parked vehicle or enclosed trailer in a manner that subjects the animal to extreme temperatures that could adversely affect the animal's health, safety and welfare.
10. It's unlawful for a person to transport an animal in an open bed pickup or flatbed truck on a public street or highway, unless the animal is secured in a kennel or restrained using a tether that is cross-tied to prevent the animal from falling or jumping from the vehicle or strangling on a single leash.
